## THE ACADEMIC PROCESSION

The following information, digested from "An Academic Costume Code and Ceremony Guide" prepared by the American Council on Education, may prove helpful in identifying the costumes you will see in the Commencement Procession.

When American colleges and universities desired to adopt some suitable system of academic apparel many years ago, a conference held at Columbia University in 1895 made up of representatives from various institutions drew up a "By-Law Regulation, or Statute" for the establishment of a suitable code of academic dress for colleges and universities in the United States. This code, with modifications made in 1959, is still in force; the costumes and colors, trimmings, and patterns you will see are all traditional and interpret both degree and the field of learning. The bachelor's gown, designed to be worn closed, has pointed sleeves; the master's gown, which may be worn open or closed, has an oblong sleeve open at the wrist which hangs down in traditional manner. The rear part of its oblong shape is square cut and the front part has the arc cut away. The doctor's gown has bell-shaped sleeves. It may be worn open or closed. Bachelor's and master's gowns are untrimmed. Doctor's gowns are faced with black velvet with three bars across the sleeves; or the color of velvet may be that which is distinctive of the degree, agreeing with that of the edging of the hood. The colors you will see in the hoods and gowns of our faculty represent the various fields in which the degrees were taken. A few are:

Accountancy, Commerce, Business . . .	Drab (Yellow-Brown)
Agriculture . . . . .	Maize (Pale Yellow)
Architecture . . . . .	Blue-Violet (Purple)
Arts, Letters, Humanities . . . . .	White
Economics . . . . .	Copper
Education . . . . .	Light Blue
Engineering . . . . .	Orange
Natural Resources . . . . .	Russet (Rust)
Philosophy . . . . .	Dark Blue
Veterinary Medicine . . . . .	Gray
Science . . . . .	Bright Gold (Golden Yellow)

The hoods, differing in length for the three degrees, (bachelor's, master's, and doctor's) are lined with the official colors of the university or college conferring the degree, usually with one color forming a chevron pattern over the other (for example, orange and maroon for Virginia Polytechnic Institute and State University). Hoods are edged and bound with velvet of the color appropriate for the degree. You will see in our procession many edged with dark blue, for doctor of philosophy. Mortarboards are the approved headgear. Tassels are worn on the right side prior to receiving a degree and on the left side after the degree has been conferred. The tassel may be of gold if the holder has a doctor's degree.

Among the bachelor's candidates, honor students are distinguished by special sashes in white.

# GRADUATE SCHOOL COMMENCEMENT SPEAKER

Ansley Abraham

Dr. Ansley Abraham is the founding director of the Southern Regional Education Board (SREB) State Doctoral Scholars Program.

The program grew out of a two-year study identifying the barriers encountered by underrepresented students seeking Doctor of Philosophy degrees. Under Dr. Abraham's direction, the SREB established the program in 1993 to increase the number of minority doctoral candidates seeking careers as college faculty members. Since its founding, the program has served more than 1,300 scholars at 97 institutions in 28 states with almost 800 program graduates. More than 400 students are currently enrolled.

Dr. Abraham's research includes studies on statewide assessment and placement standards, and the need for developmental education for students entering college. He also has examined campus climate as perceived by students at both historically black and predominantly white higher education institutions. The data from his study provided the basis for recommendations to help colleges identify areas of concern in their efforts to increase diversity and promote multi-cultural and welcoming campus environments.

In addition to his research and leadership at SREB, he has worked in the Florida state department of education as a program specialist and in the Florida Governor's Office as a management analyst. He has published numerous articles and monographs. Dr. Abraham earned his bachelor's, master's, and doctoral degrees from Florida State University.

# GRADUATE ALUMNI ACHIEVEMENT AWARD RECIPIENT

John R. Hillman

John R. Hillman, founder and president of HC Bridge Company, LLC, has been involved in the design, inspection and construction management of almost every kind of bridge that can carry pedestrians or vehicles. His invention of the hybrid-composite beam (HCB) made bridges safer, stronger and lighter with an environmentally sustainable manufacturing and production process.

Hillman was named a 2013 Champion of Change for Transportation Technology by President Barack Obama and honored at the White House. In 2012, Hillman received the Charles Pankow Award for Innovation from the American Society of Civil Engineers (ASCE).

In 2010 *Engineering News-Record* gave him their Award of Excellence. That same year he was a co-recipient of the Construction Innovation Forum's NOVA award and the American Composite Manufacturing Association's Ace Award. In 2009 Hillman received the ASCE's National Grand Award and in 2008 he was honored by *Popular Science Magazine* for his HCB invention.

Hillman earned his bachelor's degree from the University of Tennessee, and a master's degree from Virginia Tech, and holds four U.S. patents and 24 international patents. He has worked at several well-known bridge companies, including Figg & Muller, Jean Muller International, and VSL. He is currently employed as the Bridge Practice Leader for Parsons Transportation Group.

# NATIONAL CAPITAL REGION COMMENCEMENT SPEAKER

Paul Singh

Paul Singh is a Managing Director at 1776, a global incubator that helps engineer the success of the world's most promising startups tackling important challenges in areas such as education, health, energy and sustainability, transportation, and smart cities. Paul is also a General Partner in 1776's Seed Fund. Prior to joining 1776, Paul was the founder of Disruption Corporation (acquired by 1776) and general partner of Disruption's post-seed venture capital arm, Crystal Tech Fund.

Previously, Singh was a Partner at 500 Startups, an accelerator and venture firm headquartered in Silicon Valley that has invested in nearly 1,000 companies across 40+ countries. Paul has founded a few of his own startups (two successful exits and a number of failures in between) and spent some time at PBworks, AOL and Symantec.

Some of Singh's recently published quotes include:

- "The world doesn't need more start-ups, it needs more businesses."  
*The Washington Post*, April 10, 2014
- "Private companies represent the last true wealth generation for the average person. What other avenue has the possibility of big returns, maybe returning 10 or 100 times on that money?" *Reuters*, August 19, 2014
- "The dirty secret of venture capital is that you don't know who the winners are, you just have to trust your gut." *Technical.ly/DC*, February 2, 2015

Singh went to Bishop O'Connell High School in Arlington and received a bachelor's degree in computer science from George Mason University. You can follow him on Twitter @paulsingh.

## The Virginia Tech Ring Tradition

The Virginia Tech Class ring embodies and invokes memories, traditions and pride that tie Hokies, young and old, together. The tradition began in the 1911-1912 school session. Since the beginning, each Virginia Tech class has designed a ring distinctive and unique to its class. Today, Virginia Tech is one of only a few colleges and universities that redesigns its ring collection each year.

Each year, the sophomore class selects a Ring Design Committee responsible for designing and marketing their class ring collection, adding elements that reflect their class experiences on the class side. All ring designs have an eagle and crossed sabers, usually found on the university side and symbolizing the military heritage and traditions of the Corps of Cadets. The chain links that have encircled the ring bezel on Virginia Tech rings since 1940 represent class unity, the strength of many united as one.

Beginning in 1991, each class began naming their collection in honor of an outstanding Virginia Tech personality. During each class's junior year, the collection is unveiled in the fall at the annual Ring Premiere. Rings ordered in fall are delivered the week of Ring Dance, held in the spring of the class's junior year.

### Ring Dance

The first Ring Dance was held on April 27, 1934, when the saber arch, ring figure and presentation of the ring by the junior's date were introduced. The Virginia Tech Ring Dance symbolizes a hallmark in a Virginia Tech student's career. The university president presides over the official ring presentation. The Corps of Cadets juniors enter the ballroom and form the ring figure in the shape of the class numerals. They are then joined with their dates who are escorted by freshmen corps members. As rings are presented, "Moonlight and V.P.I.," written in 1942 specifically for the Ring Dance by composer Fred Waring and lyricist Charles Gaynor, is performed. As the clock strikes midnight, the evening ends with an elaborate fireworks display on the Drillfield and the playing of "Silver Taps."

### Turning of the Ring

For many years, it has been tradition for a current student to wear his/her class ring so that the name Virginia Polytechnic Institute and State University faces the wearer. Upon graduation, the ring is turned to face out to let the world know the wearer is a Hokie alumnus/a. Those who wear the ring proudly state to others, "I am a Hokie, a Virginia Tech graduate who understands the meaning of Ut Prosim (That I May Serve)." For more information or inquiries about the ring, contact the Virginia Tech Alumni Association at <http://www.alumni.vt.edu/classrings/> or 540/231-6285.

# ALMA MATER

Sing praise to Alma Mater dear,  
For V.P.I. we'll ever cheer;  
Come lift your voices, swell the song,  
Our loyalties to her belong.

## CHORUS

So stand and sing all hail to thee.  
VT, all hail to thee.

The Orange and Maroon you see,  
That's fighting on to victory;  
Our strife will not be long this day,  
For our glory lies within this fray.

## CHORUS

All loyal sons and daughters, one,  
We raise our banner to the sun;  
Our motto brings a spirit true,  
That we may ever serve for you.
