GRADUATE SCHOOL COMMENCEMENT SPEAKER

Laura Lindenfeld

Laura Lindenfeld joined Stony Brook University in New York as the director of the Alan Alda Center for Communicating Science and a professor in the School of Journalism in March 2016. Prior to joining the Alda Center, Lindenfeld directed the Margaret Chase Smith Policy Center, a nonpartisan, independent research unit of the University of Maine, which aims to inform public policy and societal decision-making. Much of her research has focused on environmental communication, especially in the area of sustainability. Lindenfeld is passionate about supporting scientists to communicate their work in more direct and engaging ways. She also encourages efforts to build strong interdisciplinary teams that can communicate their work effectively and persuasively. Lindenfeld holds a Ph.D. in cultural studies from the University of California, Davis. She and co-author Fabio Parasecoli wrote “Feasting Our Eyes: Food Films, and Cultural Identity in the United States,” and her work has appeared in numerous journals.

GRADUATE ALUMNI ACHIEVEMENT AWARD RECIPIENT

Robert D. Allen

Robert D. Allen is a distinguished research staff member and senior manager of the Materials Discovery and Innovation Department at the IBM Almaden Research Center in San Jose, California, where he leads chemical/materials research. Allen grew up in Sharon, Pennsylvania, and attended Gannon College in Erie, Pennsylvania, where he received his bachelor's degree in chemistry. Allen studied polymer chemistry at Virginia Tech and earned his Ph.D. in 1985. His research focused on living anionic polymerization. Allen joined IBM in 1985, where he was introduced to the world of photoresists under the direction of C. Grant Willson. Allen was named an SPIE Fellow for his pioneering work in the development of 193nm photoresists; SPIE is an international society for optics and photonics. He is a member in the National Academy of Engineering, won the 2014 American Chemical Society (ACS) award in Industrial Polymer Chemistry, and is a Fellow of ACS's Polymer Division. He was recently elected to the Virginia Tech College of Science Hall of Distinction.

THE ACADEMIC PROCESSION

The following information, digested from “An Academic Costume Code and Ceremony Guide” prepared by the American Council on Education, may prove helpful in identifying the costumes you will see in the Commencement Procession.

When American colleges and universities desired to adopt some suitable system of academic apparel many years ago, a conference held at Columbia University in 1895 made up of representatives from various institutions drew up a “By-Law Regulation, or Statute” for the establishment of a suitable code of academic dress for colleges and universities in the United States. This code, with modifications made in 1959, is still in force; the costumes and colors, trimmings, and patterns you will see are all traditional and interpret both degree and the field of learning. The bachelor’s gown, designed to be worn closed, has pointed sleeves; the master’s gown, which may be worn open or closed, has an oblong sleeve open at the wrist which hangs down in traditional manner. The rear part of its oblong shape is square cut and the front part has the arc cut away. The doctor’s gown has bell-shaped sleeves. It may be worn open or closed. Bachelor’s and master’s gowns are untrimmed. Doctor’s gowns are faced with black velvet with three bars across the sleeves; or the color of velvet may be that which is distinctive of the degree, agreeing with that of the edging of the hood. The colors you will see in the hoods and gowns of our faculty represent the various fields in which the degrees were taken. A few are:

Accountancy, Commerce, Business.....	Drab (Yellow-Brown)
Agriculture	Maize (Pale Yellow)
Architecture	Blue-Violet (Purple)
Arts, Letters, Humanities	White
Economics	Copper
Education	Light Blue
Engineering	Orange
Natural Resources.....	Russet (Rust)
Philosophy	Dark Blue
Veterinary Medicine.....	Gray
Science	Bright Gold (Golden Yellow)

The hoods, differing in length for the three degrees (bachelor’s, master’s, and doctor’s), are lined with the official colors of the university or college conferring the degree, usually with one color forming a chevron pattern over the other (for example, orange and maroon for Virginia Polytechnic Institute and State University). Hoods are edged and bound with velvet of the color appropriate for the degree. You will see in our procession many edged with dark blue for doctor of philosophy. Mortarboards are the approved headgear. Tassels are worn on the right side prior to receiving a degree and on the left side after the degree has been conferred. The tassel may be of gold if the holder has a doctor’s degree.

Among the bachelor’s candidates, honor students are distinguished by special sashes in white.

VIRGINIA TECH

CLASS OF 2017

THE VIRGINIA TECH RING TRADITION

The Virginia Tech Class ring embodies and invokes memories, traditions and pride that tie Hokies, young and old, together. The tradition began in the 1911-1912 school session. Since the beginning, each Virginia Tech class has designed a ring distinctive and unique to its class. Today, Virginia Tech is one of only a few colleges and universities that redesigns its ring collection every year. Each year, the sophomore class selects a Ring Design Committee responsible for designing and marketing their class ring collection, adding elements that reflect their class experiences on the class side. All ring designs have an eagle and crossed sabers, usually found on the university side and symbolizing the military heritage and traditions of the Corps of Cadets. The chain links that have encircled the ring bezel on Virginia Tech rings since 1940 represent class unity, the strength of many united as one. Beginning in 1991, each class began naming their collection in honor of an outstanding Virginia Tech personality. During each class's junior year, the collection is unveiled in the fall at the annual Ring Premiere. Rings ordered in fall are delivered the week of Ring Dance, held in the spring of the class's junior year.

CLASS RING NAMESAKE: Raymond D. Smoot, Jr. '69
Chief Executive Officer Emeritus of the Virginia Tech Foundation

CLASS SPONSOR: Robert T. Sumichrast
Dean, Pamplin College of Business

RING DANCE

The first Ring Dance was held on April 27, 1934, when the saber arch, ring figure and presentation of the ring by the junior's date were introduced. The Virginia Tech Ring Dance symbolizes a hallmark in a Virginia Tech student's career. The university president presides over the official ring presentation. The Corps of Cadets juniors enter the ballroom and form the ring figure in the shape of the class numerals. They are then joined with their dates who are escorted by freshmen corps members. As rings are presented, "Moonlight and V.P.I.," written in 1942 specifically for the Ring Dance by composer Fred Waring and lyricist Charles Gaynor, is performed. As the clock strikes midnight, the evening ends with an elaborate fireworks display on the Drillfield and the playing of "Silver Taps."

TURNING OF THE RING

For many years, it has been tradition for a current student to wear his/her class ring so that the name Virginia Polytechnic Institute and State University faces the wearer. Upon graduation, the ring is turned to face out to let the world know the wearer is a Hokie alumnus/a. Those who wear the ring proudly state to others, "I am a Hokie, a Virginia Tech graduate who understands the meaning of Ut Prosim (That I May Serve)." For more information or inquiries about the ring, contact the Virginia Tech Alumni Association at <http://www.alumni.vt.edu/classrings/> or 540/231-6285.

UNIVERSITY COMMENCEMENT SPEAKER

Sheryl Sandberg

Sheryl Sandberg is the chief operating officer of Facebook, a best-selling author, and the founder of LeanIn.org, a nonprofit organization to empower women.

Following an early career in public and government service, Sandberg joined Facebook in 2008. As the company's chief operating officer, she oversees all of Facebook's business operations, including sales, marketing, business development, human resources, public policy, and communications. She has helped the company scale its operations and expand its global footprint, and in 2012, she became the first female member of the company's board of directors.

From 1996 to 2001, Sandberg served as chief of staff for United States Secretary of the Treasury Lawrence Summers. She then became vice president of global online sales and operations at Google, where she managed online sales of advertising, publishing, and consumer products. During her seven years with the company, Sandberg's professional success established her reputation as one of the top business executives in the country.

She is the author of "Lean In: Women, Work, and the Will to Lead," the national bestseller. In "Lean In," Sandberg examines why women's progress in the workplace has stalled and offers common-sense solutions. Published in 2013, "Lean In" has sold more than a million copies and inspired a global community group, LeanIn.org, which Sandberg founded to support women striving to reach their ambitions.

In April 2017, Sandberg published "Option B: Facing Adversity, Building Resilience, and Finding Joy," a book about the challenges she faced following the unexpected death of her husband, Dave Goldberg, a former Yahoo executive and the CEO of SurveyMonkey. In an interview with ABC News, Sandberg said, "We all live some form of option B... people suffer unbearable loss and the question is, then what? How do we make the most of it?"

Sandberg received a B.A. in economics from Harvard University and an M.B.A. from Harvard Business School.

UNIVERSITY COMMENCEMENT SPECIAL REMARKS

Regina E. Dugan

Dr. Regina Dugan is vice president of engineering at Facebook, and head of the company's research and development group, known as Building 8. She received her bachelor's and master's degrees in mechanical engineering at Virginia Tech before going on to receive a Ph.D. from the California Institute of Technology. She is the founder of a defense technology company and venture capital firm and holds several patents, including an orbital satellite refueling system, and a mobile explosive detector.

Prior to joining Facebook, Dugan served as the head of Google's Advanced Technology and Projects laboratory. She was also the first woman to direct the Defense Advanced Research Projects Agency, also known as DARPA.

She is the recipient of the de Fleury Bronze Medal, a prestigious Award of the Army Engineer Regiment, and the Secretary of Defense Awards for Exceptional Service and Outstanding Achievement.

In a 2013 interview published in Virginia Tech Magazine, Dugan said, "The future is made by people who believe in something and then make it so."

WILLIAM H. RUFFNER MEDAL RECIPIENT

John R. Lawson, II

John R. Lawson II is the recipient of the 2017 William H. Ruffner Medal, Virginia Tech's highest honor, in recognition of his distinguished service to the University.

Mr. Lawson earned his bachelor's in geophysics from Virginia Tech in 1975. He is currently President and CEO of W.M. Jordan Company, which ranks yearly on Engineering News Record's list of the top 400 contractors. He is also a former president of Associated General Contractors of Virginia.

In 2002, he began his eight-year tenure on Virginia Tech's Board of Visitors, ultimately serving as Rector from 2008 to 2010. He was Vice Rector during one of the most challenging periods in the university's history—the tragedy of April 16, 2007, and its aftermath. Mr. Lawson was a driving force behind adoption of the campus design guidelines that promote the use of Collegiate Gothic architecture and the trademark Hokie Stone in campus construction, and his expertise was invaluable to the Lane Stadium West Side Expansion project and the Moss Arts Center project.

Lawson is a co-founder of Virginia Tech's Myers-Lawson School of Construction. He has been an advocate of Hokies for Higher Education, a member of the Virginia Tech Foundation Board, and served as co-chair of The Campaign for Virginia Tech: Invent the Future, which concluded in 2011 after raising more than \$1.11 billion. He was a recipient of Virginia Tech's 2012 Alumni Distinguished Service Award.

The Lawson family embraces the Hokie legacy: his father, Robert, was a member of the Class of 1949, and his son, Taylor, is a member of the Class of 2018. Along with his wife, Paige, Mr. Lawson is a charter member of the President's Circle within the Ut Prosim Society, a distinction reserved for Virginia Tech's most generous supporters.

Mr. Lawson's extensive community involvement includes service on the board for the CEO Roundtable, Children's Hospital of The King's Daughters, Greater Peninsula NOW, the Hampton Roads Community Foundation, TowneBank, the Virginia Tech Corporate Research Center and the Mariners' Museum. Additionally, he is a past chairman of the Fort Monroe Authority and the Virginia Peninsula Economic Development Council. John and Paige Lawson have been long-time supporters of the highly successful Achievable Dream initiative, which operates three schools in partnership with the Newport News and Virginia Beach Public Schools to give students who are at risk academically due to socioeconomic factors a chance to succeed.

Among his numerous awards for community engagement are the CIVIC Darden Award for Regional Leadership, the Outstanding Philanthropist Award from the Hampton Roads Chapter of the Association of Fundraising Professionals, and the Distinguished Citizen Award from the Peninsula Chamber of Commerce.

UNIVERSITY DISTINGUISHED ACHIEVEMENT AWARD RECIPIENT

Letitia A. Long

The 2017 recipient of Virginia Tech's University Distinguished Achievement Award is Letitia A. Long, who was the first woman to lead a major U.S. intelligence agency. She directed the National Geospatial-Intelligence Agency from August 2010 until October 2014, culminating a career that spanned all aspects of organizational leadership, business functions, and global operations at the agency.

Starting out as an intern with the U.S. Navy in 1978, Long served as the first Deputy Undersecretary of Defense for Intelligence, was the first chief information officer at the Defense Intelligence Agency, and later became the deputy director of that agency.

She has served on the board of the School of Public and International Affairs within Virginia Tech's College of Architecture and Urban Studies, as well as the board of Virginia Tech's Ted and Karyn Hume Center for National Security and Technology.

Among Letitia Long's numerous awards are the Presidential Rank Award of Distinguished Executive, two Presidential Rank Awards of Meritorious Executive, two Department of Defense Medals for Distinguished Service, and three National Intelligence Distinguished Service Medals. Internationally, she has been decorated with the Medal of Merit by the King of Norway, appointed to the rank of Chevalier in the National Order of the Legion of Honor of France, and awarded the Commander's Cross of the Order of Merit of the Republic of Poland.

Currently, Ms. Long sits on the board of Raytheon Company, Urthecast Corporation, Noblis Inc., D-Wave Government Systems and the United States Geospatial Intelligence Foundation. She also serves as Chairman of the Board of the Intelligence and National Security Alliance, and is an executive-in-residence with Brookings Executive Education.

Ms. Long earned a bachelor's degree in electrical engineering from Virginia Tech and a master's in mechanical engineering from the Catholic University of America. She was awarded an honorary doctorate of strategic intelligence by the National Intelligence University.

ALUMNI DISTINGUISHED SERVICE AWARD RECIPIENT

Nancy M. Moga

Nancy M. Moga is a recipient of the 2017 Alumni Distinguished Service Award in recognition of her outstanding service to the university and the Alumni Association. She graduated from Virginia Tech in 1976 with a bachelor's degree in Management, Housing, and Family Development. She also received a Certificate of Advanced Graduate Studies in Educational Administration in 1997.

Moga's record of service to the university community includes membership in Hokies for Higher Education and on the Alumni Association Board of Directors. She has also served on the College of Liberal Arts and Human Sciences Alumni Board, Women in Leadership and Philanthropy Council, and as Chair of the Virginia 4-H Foundation Board of Directors. In 2001, Mrs. Moga and her husband, Nick, were inducted into the Ut Prosim Society.

With a lifelong goal of improving the quality of education and life in her community and the Commonwealth, Nancy Moga has worked in public education since the mid-1970s in positions of increasing responsibility. Over the course of her career, she has taught or administered schools in the Louisa, Stafford, and Alleghany County public school divisions in Virginia, as well as in Louisiana's East Baton Rouge Parish. Since 1993, she has served as Principal of Callaghan Elementary School, part of Alleghany County Public Schools. Mrs. Moga was named Virginia's National Distinguished Principal for 2001-2002.

A resident of Covington, Mrs. Moga is past president of the Covington Women's Club, the local Delta Kappa Gamma Education Society, the Alleghany Highland's Virginia Tech Association, and the Virginia Association of Elementary School Principals. She is chair of the Virginia Advisory Board on Teacher Education and Licensure.

ALUMNI DISTINGUISHED SERVICE AWARD RECIPIENT

Charles T. Wood

Charles T. “Charlie” Wood is a recipient of the 2017 Alumni Distinguished Service Award in recognition of his outstanding service to the university and its Alumni Association. He graduated from Virginia Tech in 1970 with a bachelor’s degree in economics and began an extensive career with Southern States Cooperative, where he served multiple roles, advancing to vice president for its retail operating division.

Mr. Wood’s commitment to the university community includes serving as president of the Richmond Alumni Chapter, involvement in the Hokies for Higher Education legislative advocacy group, and membership in the Leadership Council for the College of Agriculture and Life Sciences and the Virginia Tech Athletics Hokie Club.

A resident of Richmond, Mr. Wood was named the 2016 Henrico Community Leader of the Year by ChamberRVA’s Henrico Business Council for his work with Career Prospectors, a nonprofit group dedicated to connecting unemployed Richmond-area residents with jobs.

Following his early retirement in 2002, Mr. Wood helped found Career Prospectors to develop a network for his own job search. In 2004, he founded Attributes for Success LLC, a human resources consulting firm. In 2009, he helped create LinkedIn and Meetup groups for Career Prospectors. The LinkedIn group has grown to more than 4,600 members. Since 2009, the Meetup group has provided details and registration for 5,300 networking, training and job-seeker peer support events. Dedicated to the university’s motto *Ut Prosim* (That I May Serve), Mr. Wood has worked with volunteers to connect more than 2,000 individuals to new jobs. For the past five years, Career Prospectors has partnered with the Richmond Chapter of the Virginia Tech Alumni Association to conduct a free public job fair, the RVA Career Expo, during both spring and fall breaks. The Spring 2017 expo provided more than 1,000 professional candidates opportunities to connect with more than 100 employers.

NATIONAL CAPITAL REGION COMMENCEMENT SPEAKER

Mehul P. Sanghani

Mehul Sanghani is the founder and chief executive officer of Octo Consulting Group Inc., an award-winning provider of mission critical technology solutions and digital services to the federal marketplace.

Sanghani, a native of Blacksburg and a member of the Virginia Tech Class of 1998, founded Octo in 2006. Located in Northern Virginia, the firm specializes in providing agile software development, UX design, cloud engineering, and management consulting services for federal, civilian, defense and intelligence agencies.

Since founding Octo, Sanghani's vision and drive have grown the firm into a premier mid-market government contractor with more than 300 employees and over \$70 million in revenue. The company has won numerous awards for its exceptional growth, employee culture, and philanthropic service. Among them, the firm won the 2013 Northern Virginia Technology Council's (NVTC) "Hot Ticket" Award for the Hottest Emerging Government Contractor. Octo also was named the 2014 Corporate Philanthropist of the Year by the Washington Business Journal and was nominated for the National Jefferson Awards for Public Service based on the firm's charitable efforts and engagement with numerous community outreach activities. Additionally, Mr. Sanghani was named 2014 Executive of the Year by the Greater Washington Government Contractor Awards. Octo has also been recognized repeatedly by the Virginia Chamber of Commerce as one of the "Fantastic 50" fastest growing companies in the Commonwealth of Virginia, most recently in 2015.

Prior to founding Octo, Sanghani held senior leadership roles at Gartner, Booz Allen Hamilton, and Oracle. He serves on the Virginia Tech Board of Visitors and on boards for the Fairfax Chamber of Commerce and the Virginia Tech National Capital Region Leadership Council.

Sanghani earned separate bachelor's degrees in industrial and systems engineering and psychology from Virginia Tech.

WIND ENSEMBLE

(University Ceremony)

ALMA MATER

Sing praise to Alma Mater dear,
For V.P.I. we'll ever cheer;
Come lift your voices, swell the song,
Our loyalties to her belong.

CHORUS

So stand and sing all hail to thee.
VT, all hail to thee.

The Orange and Maroon you see,
That's fighting on to victory;
Our strife will not be long this day,
For our glory lies within this fray.

CHORUS

All loyal sons and daughters, one,
We raise our banner to the sun;
Our motto brings a spirit true,
That we may ever serve for you.
